customer-specified solutions

Highlights

- Minimum space needed
Small, compact solution with stand.
Coin acceptance and dispensing of up to two medals provided in the smallest of spaces.
- High level of security
In the checking, processing, and dispensing of coins and medals.
- Solid construction
Steel plate housing with 3-point locking and high-quality security lock. Tough 2-layer painting crystal colour.
- Optimum presentation of the medals
Illuminated view window makes it possible to place original medals in the "right light". Two keys allow the customer to select between two different types of medals.
- With banknote or coin acceptor for paying with banknotes or coins

System design

- VKA 100 / BA
Banknote acceptor
JCM EBA 11/21
- VKA 100 / MP
Coin acceptor
- LC-Display
for displaying the deposited denomination or change.
- Two button
for multiple selection of the medal(s).
- Transparent illuminated display
Engraving can be adapted to the respective medal.
- One or two dispensing units for medals
